Overthinking lyrics – Melody and lyrics by Darragh Hoare

I think that Im falling but shes going on a plane
ill never see her again
Tell her good morning you know that
you're the reason that I got out of bed
She seen me once so I message twice
Well Im wise enough to need those eyes
Come here darlin don't be shy
Come a little closer (I wont bite)

You try to push me off
You told me you needed space
I visualised our love
You know I been thinking lately

CHORUS
I didn't wanna write a song
Cos youd know its about you
Im sorry that I took so long
I didn't wanna mess it up with you
Baby wont you tell me how your feeling

I didn't wanna write a song
Cos youd know its about you
Im sorry that I took so long
I didn't wanna mess it up with you

Feeeling kinda breezy now
The seasons why Im feeling down

CHORUS
