Set in stone – Music by Blanka, Killian, Dan, Pablo. Lyrics and melody by Sara Lugo and Darragh

From the moment that We met
I knew I was defeated
my defenses were crumbling
my shield was weakened
you had me by the throat or so to speak
you know what I mean
I drank it from the source
and then I saw the dream
I took off all my clothes
and laid down in the stream
I sat and rowed the boat
while you pointed at the beach
we stopped to chop some wood
and built a House of trees

and then the storm came
we almost got washed away
in the wind and the rain
but after the flood
if what we're left with is good
let's forget it and F....

CHORUS
because we're set in stone
you know you know you know you know you know
we're set in stone
through the highs and lows and lows we go
set in stone you know you know you know

SARA LUGO VERSE

I will follow you
if you will lead me
to the garden let's get planting
all the birds sing a Symphony
they set the tone
as we're walking sunset talking
I surrender
No more defenses
Let me drop the mask
Now that I can
Cos you provide it

My rock in the storm
Every day and every night
Steady like an anchor grounding
Many nights I pray for somebody like you
Wont take you for granted
Im happy with you even when I am wrong

PRECHORUS
we almost got washed away
in the wind and the rain
but after the flood
if what we're left with is good
let's forget it and F....

CHORUS
because we're set in stone
you know you know you know you know you know
we're set in stone
through the highs and lows and lows we go
set in stone you know you know you know
