Travelling lyrics. Music by Killian, Pablo and Blanka. Lyrics and melody by Darragh.

Don't tell me I'm crazy
I'm working on it
you know about it
you told it to my brother
I told you the secret
don't dance around it
well he just want to live
so bag packed that's it

CHORUS
He left here
Found a better deal
I am the younger
From my mother
I discovered
I'm living on the run

Wheres all the good folks these days?
Most them got so nasty
Tryna get their face in the front page
Wanna get up in a 'rarri
-No entrance sorry.
-No change in your story
We can't take that from you
We gotta see some progress
He didn't know his best bet
Took it all off black
Put it all back on red
So many went before them
The path it is well tread
I guess I'll see you next year
With nothing left unsaid

CHORUS
He left here
Found a better deal
I am the younger
From my mother
I discovered
I'm living on the run
