Out of my head – Music by Blanka, Pablo, Dan, Killian. Lyrics and melody by Darragh

CHORUS
I gotta get out of my head
and do something special instead
tomorrow I might be dead
I gotta get out of my head

You're looking very special
radiating confidence
I'm taking in the essence and
I don't want this one to end
if you ever seen the one and oh you knew
put your lighter in the air because
this one's for you hey

gotta get out of my head
and do something special instead
tomorrow I might be dead
I gotta get out of my head

Running rings round my reasons
Am I right am I wrong
Tryna break the cycle
Got me climbing u the walls
Everything has a season
But it feels like we're done
Tryna break the cycle got me climbing up the walls

It's your presence when you're near
I only dreamed you'd be with me
If ever there's a thing you need
I'll try to give you everything
But sometimes when I lose control
My head goes red just like a rose
I need to stop and take it slow
And let u bring the afterglow

Spoken outro post script

I don't have the words to describe the depth of my love so I wrote this song. My body will fail but my soul and spirit are faithfully yours forever
