SHOOT

28 July 2026. Swords in the morning, Calderwood after.

FCP

Dee Duffy.fcpbundle · event First shoot

WHERE IT GOES

Instagram and TikTok. Not LinkedIn.

DATE

25 August 2026

READ THIS ONCE

Two picture timelines. Then copy them.

You are not cutting 28 different videos from scratch. You cut the pictures once per kitchen. Every extra film is a copy of that timeline with a different voice on it, and a different shot at the start so it does not look like the same post.

TIMELINE 1 · SWORDS

Gareth's kitchen. Oak and grey.

Clips 1475 to 1482, plus Gareth on 1473 and 1474.
Covers her voiceover, all of Gareth, and the short slices of her script.

TIMELINE 2 · CALDERWOOD

The green kitchen. Vaulted ceiling.

Clips 1483 to 1498. Covers her voiceover, the lighting, Dekton, the drawer, the floor, the hall.

HOW SHE SHOULD LOOK

She was upset after the first takes. Do not lead with her talking to camera. Use the voiceovers she wrote later, and use Gareth. Show the rooms. If you use her voice from the first takes, put pictures over it.

Export

New FCP project: 1080 by 1920, 25fps. Spatial Conform Fill. Crop vertical off the 4K. Pan on the long moves (1480, 1490, 1498). Burn captions on every film. First line of text must make sense with the sound off. One file per film. Post that file to Instagram and to TikTok.

DO THIS IN ORDER

Sit down and cut in this order.

1. Open the First shoot event. Make a 1080 by 1920 project. Do not start a new library.
2. Build the Swords B-roll timeline. About 90 seconds of the nice pictures. That is Timeline 1.
3. Build the Calderwood B-roll timeline. About 90 seconds. That is Timeline 2.
4. Duplicate Timeline 1. Put her Swords voiceover on it (the m4a, skip "Kitchen number one"). Burn captions. This is the first film we sold.
5. Duplicate Timeline 2. Put her Calderwood voiceover on it, take 4 only. Skip the slates. Burn captions. This is the second film we sold.
6. For each extra film below: duplicate the right picture timeline, drop in that voice, change the first shot, export.
7. Stills last. Rotate the ones that came in sideways. 1504 is the quiet portrait. Not 1505, her eyes are closed.

DO NOT START HERE

Do not spend the first hour trying to make her first takes look good as talking-head. The good lines from those takes already have a home: pictures over them, in the extra films.

IF YOU ONLY FINISH FOUR THINGS

Swords pictures. Calderwood pictures. Her Swords voiceover film. Her Calderwood voiceover film. Then copy.

CUT THEM ANYWAY

Four questions. Text her, or text me.

- **Gareth on her Instagram and TikTok.** He is named, in his own kitchen, saying she is the one. Cut those films now. Do not post his face until she says he is happy with that.

- **“Over 100 grand.”** It is in the voiceover she wrote. Make two versions of the Swords film: one with the number, one without. Do not post either until she picks. Gareth does not need to say the number. “A fraction of the cost” is enough.

- **The JDM drawer close-up.** She refused to say a promo line for them on the day. Honour that. The drawer shot can still go in as a picture. Ask if it can appear with no name on screen.

- **The big round pendants in Calderwood.** The transcript guessed Yumidge or Yumitch. Do not put a brand on screen. Call them pendants until she spells it.

“Four months” is fine. Gareth said it himself. Cut your prompt. Keep his line.

THE LIST

Two we sold. The rest is extra.

Green means cut this now. Purple means copy the pictures and drop the voice. Amber means cut it, show Dee before it posts.

WAIT TEN DAYS

If two films use the same kitchen pictures, do not post them back to back. Change the opening shot, and leave a gap.

MORNING · TEAL TOP · GARETH'S HOUSE

Oak, island, linear pendant.

Dee in the teal top. Gareth in the sage t-shirt. The long talking clips are 1470, 1472, 1473, 1474, 1479. Do not use 1470 or 1472 as the picture of the film. Gareth's face is allowed on 1473 and 1474.

CLIP	TIME	WHAT IT IS
1475	0:12	Island, hob, pendant. Use this to open the hob film.
1476	0:47	Dee at the island, looking at the room. A beat of her, not a presenter hold.
1477	0:20	Oak tall units. Storage.
1478	0:28	Gareth walking the room. Good open for his films.
1480	1:48	The workhorse. Island toward the window. Pan in vertical.
1481	0:17	Handles, oak, Dekton shelf.
1482	0:26	Her hands on the worktop.
1473	4:01	Gareth sat at the island. Use his face here.
1474	2:48	Gareth standing by the oak run.
1479	5:58	The two of them. Only for "you don't need a dining table". Cover her if she looks tight.

Mute 1470 and 1472. If a line from those is good, put pictures over it. Never hold on her face from those clips.

COPY TIMELINE 1

Her voiceover, then Gareth.

SOLD**DO FIRST****Swords, her voiceover** about 1 min

"The extension wasn't the answer."

File: Swords Kitchen .m4a. Skip the first line "Kitchen number one." Start "Gareth first contacted me." On the caption card write Swords, Warm, Gareth, Dekton (the transcript heard those wrong). You can move "the extension wasn't the answer" to the front if it hits harder. Make a second copy with "100 grand" cut out, and park it.

DO FIRST**Gareth: from the moment I met D** 25 to 40s

"From the moment I met D, I knew I was going to continue to work with her."

Swords talking timeline 00:07:54 to 00:08:19. His face. Stay in this kitchen. We did not film the sitting room or the wardrobes he names. Cut your prompt at 00:07:51.

DO FIRST**Gareth: I thought I needed an extension** about 1 min

"I was thinking that I would need to get an extension."

00:04:45 to 00:07:10. Trim the wandering. Keep "shot to nothing" and "a fraction of the cost." Do not open on Dee's coached intro. Picture of the finished island: this is the room he did not knock down.

EXTRA**Gareth: 3 options, not 80** 12 to 16s

"Here's 3 options rather than 80 options."

00:14:21 to 00:14:41. Different first shot from the two films above.

EXTRA**Gareth: I wish I had called sooner** 18 to 24s

"I wish I had brought her in sooner because I probably spent the guts of a year thinking about this."

00:16:21 to 00:16:55. Keep this separate from "3 options" so both can post.

STILL TIMELINE 1

Short ones. Same pictures.

EXTRA Gareth: cooking is actually enjoyable 10 to 15s

"Cooking is actually enjoyable."

00:09:29 to 00:09:36. Hands, hob, island. Good for TikTok.

EXTRA Gareth: this space was unused 20 to 28s

"Before, none of this area was being used. It's the largest part of the room."

Second take, 00:09:10 to 00:09:36. Then the cooking line if you want a button.

EXTRA Gareth: I had never heard of Dekton 18 to 25s

"A Dekton countertop, which I had never heard of before, until I met Dee."

00:10:10 to 00:10:27. Write Dekton on screen. Easy to clean.

EXTRA Gareth: a shot to nothing 12 to 18s

"I thought it was a shot to nothing."

Lift from 00:05:46 to 00:06:10. New first shot.

EXTRA Gareth: someone who does this every day 18 to 25s

"Someone who does this every day of the week."

00:07:21 to 00:07:47. Pictures of the room, not her face.

EXTRA Gareth: the pantry is my favourite 18 to 25s

"It's my favourite part."

00:13:29 to 00:13:59. Hob, fridge, sink, pantry. Use 1477.

EXTRA Gareth: a fraction of the cost 10 to 14s

"It would be a fraction of the cost of what an extension build would be."

00:06:01 to 00:06:10. No number. Safe if she kills "100 grand".

ASK DEE You don't need a dining table 40 to 55s

"I remember you saying to me, well, you don't need a dining table."

00:11:21 to 00:13:08. Clip 1479. Cover Dee. Show her this before it posts.

SAME M4A AS THE SOLD FILM

Four shorts from the voiceover she likes.

Duplicate the sold Swords film. Keep one paragraph. Change the first shot. Post at least ten days later.

EXTRA The extension wasn't the answer 15 to 22s

"It quickly became clear that the extension wasn't the answer. Gareth had enough space already."

Voice 00:00:28 to 00:00:35. Open on 1480, not the island from the full film.

EXTRA Hob facing the garden 12 to 18s

"A spacious island with the hob facing the garden, and a lovely linear pendant above for task lighting."

Voice 00:00:40 to 00:00:46. Open on 1475, close on the hob.

EXTRA He had enough space already 12 to 16s

"Gareth had enough space already. It just needed to be used to its full potential."

Voice 00:00:31 to 00:00:35. Open on Gareth walking, 1478.

EXTRA Oak and Dekton 12 to 16s

"Warm cabinets in oak, with a hard wearing Dekton countertop."

Voice 00:00:52 to 00:00:58. Open on 1481. On screen: Warm, not Worm. Dekton, not Decktown.

AFTERNOON · BLUE SHIRT

Green, terracotta, vaulted ceiling.

Repeat clients, about twenty years. Dekton Umbra worktop. Dark green wood-grain. Herringbone floor. JDM drawers. Faber hood. The ten-minute walkthrough is 1497. It ends “I want you to relax.” That ending is gone from every film.

CLIP	TIME	WHAT IT IS
1483	0:16	Wide of the vault and island. Open the sold film here. Washing on the line: crop if you have a cleaner bit.
1486	0:48	Hall to the stained glass. Use this for “twenty years”.
1487	0:38	Drawer, dovetails, JDM burned in the oak. Picture only. No spoken credit.
1490	0:55	Terracotta sink, black tap, lit shelves. Pan in vertical.
1491	0:16	Green shelves, glow off the ceiling. Lighting.
1492	0:30	Skim it. Skip the blur.
1494	0:15	Gas hob, hood, splash, the niche.
1495	0:07	Hob and splash, clean.
1496	0:46	Faber lettering. Optional.
1498	1:09	Herringbone floor. Pan.
1497	10:01	Her walkthrough. Use hands, doors, pantry. Not long holds on her face. This is where the good first-take lines live.

COPY TIMELINE 2

Her voiceover, then the vault.

SOLD

DO FIRST

Calderwood, her voiceover, take 4 about 1 min

"This kitchen was special to us since we got to know the homeowners from a renovation that we had completed over 20 years ago."

File: Calderwood Kitchen 3 (1).m4a. Skip "Kitchen to take four." Skip "Tecton umbra. Start again." Use the clean Dekton sentence after the restart. She says "economic" where she means ergonomic. Leave the sound. Do not put that word on screen.

EXTRA

Twenty years on 12 to 18s

Same opening line. Then stop.

Open on 1486, the stained glass, not the wide vault from the full film.

DO FIRST

The vault and the lighting 18 to 25s

"The vaulted ceiling is a huge feature in this room."

Use the take 4 vault paragraph, or her second try at 00:04:30 to 00:04:51 on the first-takes timeline. Show the lights. Do not hold her face. Do not use the first try (she said "concealed tape").

EXTRA

Dekton Umbra 18 to 25s

"Dekton Umbra, with its earthy terracotta tones, and a soft matte textured finish."

Take 4 after the restart, or first takes 00:01:09 to 00:01:33. Clips 1490, 1494, 1495.

EXTRA

Layered lighting 18 to 25s

"We took a layered lighting approach."

First takes 00:06:16 to 00:06:49. Ceiling, island LED, pendants over the hob and the sink. If the island plinth LED is in 1483, keep it. No brand name on the pendants.

EXTRA

It feels like it's always been here 8 to 12s

"It just feels like it's always been here."

00:07:23 to 00:07:27 over wide shots of the room. Drop it if she sounds coached. Let her hear this one.

EASY PICTURES

Doors, splash, drawer, hall.

EXTRA Folding doors and auto LEDs 12 to 18s

“What’s really nice about this kitchen is these little double folding doors... LEDs which come on automatically.”

First takes 00:00:24 to 00:00:50. Look in 1497 for the doors. If they are not on camera, skip this film. Do not fake it.

EXTRA I had worked with them before 10 to 14s

“This kitchen was so easy to design because I’d worked with these clients before on a previous project.”

00:00:02 to 00:00:12. Pictures over it. Not her face from this bit.

EXTRA Splashback, hob, hood 12 to 18s

“You can continue the surface up on the backsplash behind the hob.”

00:01:22 to 00:01:56. Clips 1494, 1495, 1496. On screen: Dekton, 20mm, hob (not hub).

EXTRA The drawer 8 to 12s

No speech. One line of text: Look at the close.

Clip 1487 only. Music or room sound. No JDM name unless she asks. Built for TikTok.

EXTRA The stained glass hall 8 to 12s

The twenty-year line, or mute with text: Same clients. New kitchen.

Clip 1486. Different first shot from “Twenty years on”.

ASK DEE We can hold your hand 15 to 20s

“We can hold your hand, help you design your ideal kitchen, with beautiful finishes, clever lighting, clever storage, and a list of preferred suppliers.”

00:09:20 to 00:09:41. True line. Wrong temperature to lead with. Last post, and only if she likes it.

HARD EXCLUDE

Do not go looking in here.

Swords talking timeline

- 00:00:01 to 00:01:30. Restarts. "Jesus Christ." "I can't." The knee coaching.
- 00:03:27 to 00:04:35. She loses it. "You're not a good salesperson."
- 00:10:49 to 00:11:20. "Laughing, crying." She is upset.
- 00:15:30 to 00:15:45. "What do you want me to say" about how long it took.
- Every question you asked. Trim to his answer.

Calderwood first takes

- 00:02:07 to 00:02:51. Lighting "not popping." You interrupting.
- 00:02:53 to 00:03:20. The JDM line she refused. "No, I'm not going to say that."
- 00:03:52 to 00:04:25. "Concealed tape." Use the restart at 00:04:30.
- 00:05:17 to 00:06:10. Coaching. "My frustration." "In the wrong place."
- 00:07:29 to 00:09:19. The end-to-end restarts.
- 00:09:44 to 00:10:01. "Take a minute. I want you to relax." Gone.

Voiceover slates

"Kitchen number one." "Darren, this is the 2nd kitchen." "Kitchen to take four." "Tecton umbra. Start again."

Phones, wallets, radio mics: crop around them. Lived-in is fine. Crew mess is not.

BETWEEN THE FILMS

Stills, then a simple post order.

There are not many stills of the rooms. Grab frames from the B-roll. Rotate anything that came in sideways.

SWORDS STILLS

1460, 1461, 1463, 1468, 1469

Teal, in the kitchen. 1463 is the smile. A carousel of island and oak. Gareth in a still only after his first film is up.

CALDERWOOD STILLS

1499 to 1505

1504 is the quiet one, garden in the window. Not 1505. 1499, hand on the terracotta. Pull the vault, splash and drawer from 1483, 1494, 1487.

Three weeks, both apps

Same vertical file on Instagram and TikTok that day. If Gareth has not said yes, open with “the extension wasn’t the answer” instead of his face.

FIRST LINE ON SCREEN, THEN THE POST

Her words. His words.

Same caption on Instagram and TikTok. Do not invent a quote.

Swords voiceover

On screen: The extension wasn't the answer.

Gareth came to me for a kitchen extension. The existing room had enough in it. It needed a proper plan.

Calderwood voiceover

On screen: Back with the same clients, twenty years on.

A kitchen for clients we first worked with twenty years ago. Dekton Umbra, dark green wood-grain, lighting built into the vault.

From the moment I met D

On screen: From the moment I met D.

Gareth, after the kitchen: sitting room, living room, wardrobes upstairs. He did not want to work with anyone else.

I thought I needed an extension

On screen: I thought I needed an extension.

Gareth spent a year on catalogues and showrooms. Then a friend said to call me. We used the room he already had.

3 options, not 80

On screen: 3 options, not 80.

He spent a year looking. What he needed was three options, not eighty.

The vault

On screen: Lighting for the vault, planned at the start.

Concealed lighting on dimmers, up through the beams, back down into the room. Planned before the plaster went on.
